Something New Under the Sun.

People say there is nothing new. This is not correct, for Mr. Montague, Supt. Telegraphy of the Cotton Belt R. R., is doing something unheard of be fore. He is placing several in struments between his office and the relay office in one of the big general office buildings at Tyler, Texas, and will take the Tyler Commercial College telegraphy students as they qualify, and give them, under his own supervision, eight or ten days special Victoria. practice before placing them in a Schulenburg. loop of the Cotton Belt train wire Anson. bearing to the desk of each of Okalla, our advanced students messages passing over the wire from Mt. Pleasant to Waco, gives udvantages to the learner of telegraphy never known before

It is but little wonder that the management of the Tyler Commercial College have the greatest school of telegraphy in the world, for they have spared neither time nor money in making it so. It is estimated that over 10,000 Death of Mrs. Ida Brooks. new telegraph operators will be needed after the first of March, owing to the new National ninehour law going into effect. This is certainly a golden opportunity for our young people who desire to spend a few menths in school, then go direct into splendid positions.

Mrs. Ida Taylor Brooks, of Wharton, niece of Mr. and Mrs. Wm. Green, died last Sunday at her home in Wharton after a lingering illness of inflamatory rheumatism. By her request her body was brought to Shiner for interment, and reached here about 2 o'clock p. m., by rail, accompanied by a number of relatives and friends from Wharton County. The remains were con veyed at once to the residence of Mr. Green, where a short service was held by Rev. Heck, a Catho lie priest from Victoria. The fuperal cortege then processed to burial services were conducted by Rev. Heck, who delivered a short oration. A number of flor- er. al offerings were placed upon the grave by friends and relatives and the last sad rites were con aluded:
